

Storyteller-Pictures

Storyteller-Pictures

You want always offer your child something creative and fun, and if you have extra time this is a way to have fun together.

Storyteller-Pictures can be used in a variety of ways and here are a few ideas how you can use them:

Creative Storytelling: Have the child select multiple pictures and tell a story that contains all the selected pictures. In this way, younger children who do not yet know how to write but enjoy telling stories will develop their creativity and imagination, as well as strengthen their vocabulary.

Storytelling in a circle: Everyone chooses one picture. The first in the round starts a story that is in his picture, then the next continues the story with the theme of his picture, and so on. Pictures can be taken out in the circle, as long as all are off, and then the story is finished.

When can the Storytelling-Pictures be used?

- In your free time at home
- During a long trip
- In every situation, if you have some free time
- At bedtime - if your child likes bedtime stories, make a creative evening.

Always have your Storytelling-Pictures with you, so you can use them in any situation, for example, while waiting for the car wash, in the dentist's waiting room, and so on.
