

FUN MATH

MULTIPLYING NUMBERS LARGER THAN 5 WITH THE HELP OF YOUR FINGERS

WITH OUR FINGERS WE SHOW THE NUMBER WE WANT TO MULTIPLY: WE REMEMBER FIVE, SHOW THE REST.

FOR EXAMPLE:

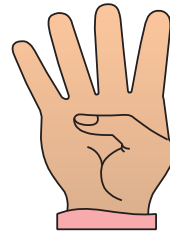

NUMBER 6

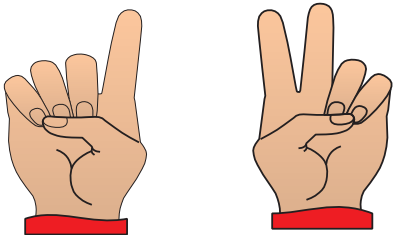

NUMBER 8

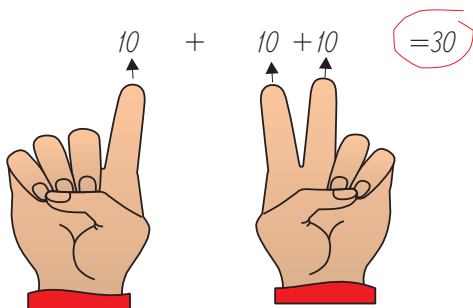

NUMBER 9

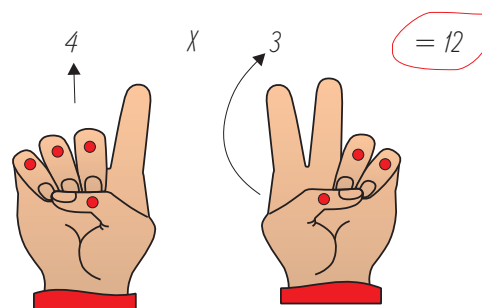

WHEN WE MULTIPLY 6×7 WE SHOW:

FINGERS RAISED IN THE AIR, WE ADD IN TENS:

THE FINGERS THAT ARE NOT RAISED IN THE AIR, WE MULTIPLY:

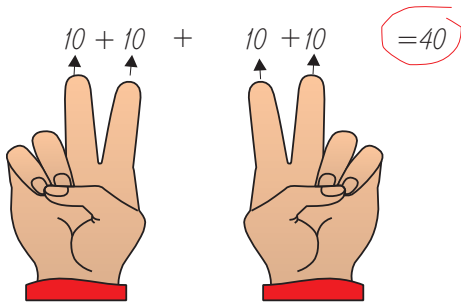

WE ADD THE OBTAINED RESULT:

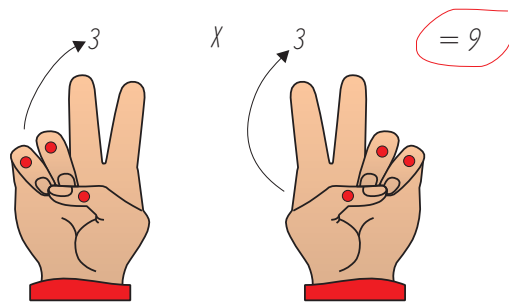

$$30 + 12 = 42$$

7 X 7 =

FINGERS RAISED IN THE AIR, WE ADD IN TENS:

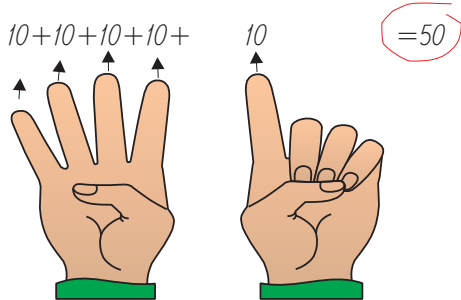

THE FINGERS THAT ARE NOT RAISED IN THE AIR, WE MULTIPLY:

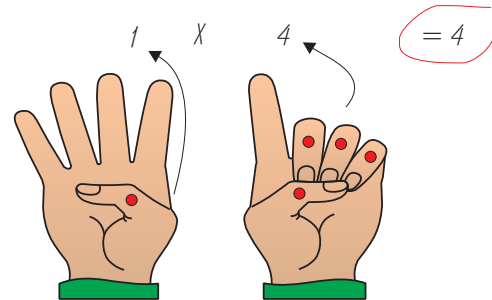

WE ADD THE OBTAINED RESULT: **$40 + 9 = 49$**

9 X 6 =

FINGERS RAISED IN THE AIR, WE ADD IN TENS:

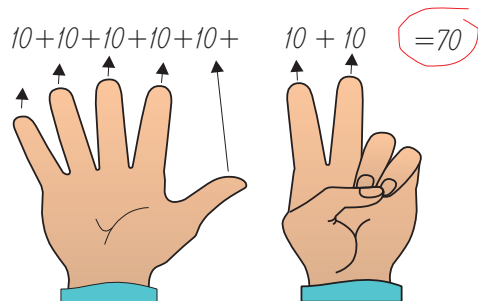

THE FINGERS THAT ARE NOT RAISED IN THE AIR, WE MULTIPLY:

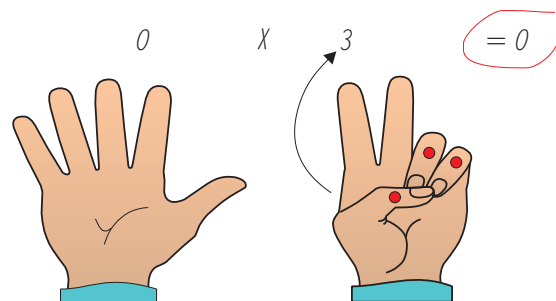

WE ADD THE OBTAINED RESULT: **$50 + 4 = 54$**

10 X 7 =

FINGERS RAISED IN THE AIR, WE ADD IN TENS:

THE FINGERS THAT ARE NOT RAISED IN THE AIR, WE MULTIPLY:

WE ADD THE OBTAINED RESULT: **$70 + 0 = 70$**
