

# NONOGRAM 15X15

*Penguin*

Each number before the rows and above the columns means a block of boxes in that row or column to be shaded.

- Each numerical value corresponds exactly to the length of a block.
- If there are several numbers, their sequence corresponds to the order of the blocks.
- There must be at least one empty (not blacked out) box between two blocks.

Tip: Start with the big blocks.
